

A photograph of a living room interior. In the foreground, a small table lamp with a white conical shade and a dark, three-legged base sits on a dark, textured side table. Behind it, a wooden armchair with a cane backrest is visible. In the background, a sofa with light-colored cushions is positioned near a large window that looks out onto a green, leafy landscape. To the left, a tall floor lamp with a white cylindrical shade and a dark, curved frame stands. The overall atmosphere is warm and inviting, with soft lighting from the lamps and natural light from the window.

LIGHTING
FABRICS & FINISHES

Heathfield & Co

At Heathfield & Co, we celebrate the inherent beauty of natural materials. From combining unique finishes in unexpected and innovative ways, to obsessing over organic shapes and unusual silhouettes, our lighting is created to stand as a decorative object in its own right.

Guided by this focus on natural materials, our collections are carefully curated in a classic palette of earthy tones that won't go out of style. We create lighting for modern living, but prefer to ignore fleeting trends. That's because we want our lighting to sit comfortably in your space for years to come.
