

A photograph of a bedroom interior. In the foreground, a bed with white linens and a brown patterned pillow is visible. To the right, a dark wood bedside table with a white marble top holds a tall, tapered, light-colored ceramic lamp with a matching conical shade. A small, round, gold-colored tray sits on the table next to the lamp. In the background, a window with light-colored curtains is partially visible, showing a glimpse of greenery outside. The text "LIGHTING SHADE GUIDE" is overlaid in the center of the image.

## Choose Shape And Size

All of our lampshade and pendant shade designs are available in a wide range of shapes and sizes, providing complete versatility to complement the aesthetic of your interior. From petite Roman drums to statement Coolie shades, our tapered and straight sided designs can be paired with lighting from our collection or stand alone as a statement ceiling pendant.

## Select Fabric, Lining And Trim

Our comprehensive fabric swatch card presents a palette of both neutral tones and vibrant hues in the highest quality materials. Options range from translucent sheers and tactile fabrics to opulent velvets and linens intertwined with bands of metallic detailing. Our diverse range of textured plains, and delicate linear & herringbone prints add a sophisticated simplicity to your interior scheme.

## Diffusers And Electrics

All pendant shades are supplied with electrics and bulb diffusers, unless otherwise stated. A selection of our standard lampshades are also able to be supplied with diffusers and electrics, including ceiling roses and a variety of twisted flex options. Please refer to individual shade pages or enquire with our sales team for further information.

Customers Own Material

We welcome designers to specify their own shade fabrics and linings. Customers wishing to supply their own fabrics must send a swatch of their desired fabric into the sales office for suitability approval. Please use the table below to determine how much fabric is required to make your lampshade.

SHADES WITH PREFIX CODE	COM MATERIAL REQUIRED
05, 06	0.5 metres
08, 10, 12	1.0 metres
14, 16, 18	1.5 metres
20, 22, 24	2.0 metres
26, 28, 30	2.5 metres
32	3.0 metres
