Installation Guide

CEILING LIGHT | LUNAR

General Notes

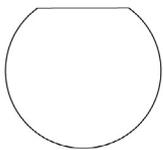

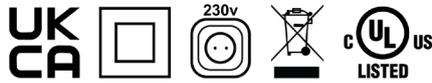

- Before carrying out installation, please ensure that you have read and understood this document carefully.
- This fitting is suitable for dry, indoor use only.
- This fitting is UL compliant. If you require a specific size of ceiling rose for UL use, please inform our sales team.
- Switch off electricity and ensure the correct wiring procedure & regulations have been checked with a qualified electrician.
- Ensure the fitting is being fixed to a suitable surface, strong enough to support the weight of the product.
- Ensure that suitable fixings are used - additional fixing screws are not included.
- The ceiling mount and fixing screws are supplied already attached to the fitting.
- Save these instructions for future reference.
- If you have any additional questions, please contact our sales team.

Caution

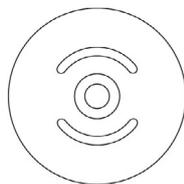

Installation of this fitting must be carried out by a qualified electrician.

Warning

Electricity must be switched off at the mains fuse box before installing this fitting.

Installation Guide

CEILING LIGHT | LUNAR

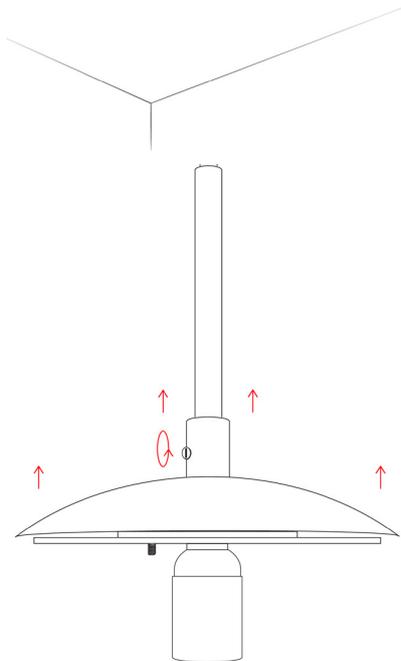

STEP 1

- Switch off the electricity at the mains fuse box. Turning off the power at the switch is not sufficient.
- Remove the 2x fixing screws to separate the ceiling mount from the ceiling rose.

STEP 2

- Fix the ceiling mount to the ceiling using appropriate fixings.

STEP 3

- Lay the ceiling rose and metalwork on a suitable surface where it will not fall off.
- Remove the grip screw located on the side of the collar using a screwdriver.
- Lift the collar further up the metal rod. Please note you should not lift it past the top of the metal rod onto the flex.
- Lift the top cap to below the collar.

Installation Guide

CEILING LIGHT | LUNAR

STEP 4

- Once the collar and top cap have been moved, screw the grip screw back into place to ensure they do not move further.
- Unscrew the thumb screw located on the cross bracket above the lamp holder.

STEP 5

- Screw in the lightbulb.
- Rotate the top of the cross bracket so both levels align and point in the same direction.

STEP 6

- Place the glass shade over the lightbulb and lamp holder.
- Angle the glass shade and place the shade opening onto one side of the aligned bracket.
- Once this is secure, slide the other side onto the bracket.
- Double check that the shade is on correctly.

CEILING LIGHT | LUNAR

STEP 7

- Rotate the top level of the bracket so the screw holes align.
- The bracket should be in a cross again.

STEP 8

- Attach the thumb screw back into both levels of the cross bracket.
- Move the top cap back down so it is on top of the glass shade.

STEP 9

- Remove the grip screw on the collar.
- Move the collar back down to be flush with the top cap.
- Screw the grip screw back into place on the collar.
- Check that everything is securely attached.

CEILING LIGHT | LUNAR

STEP 10

- Offer the ceiling light up to the ceiling mount & make electrical connections, following the below wiring diagram. Please note you will need to hold the weight of the pendant while connecting the wires.
- Screw the fixing screws into the ceiling rose to attach it to the ceiling mount.

STEP 11

- Switch the power back on.
