Installation Guide

CEILING LIGHT | MAYA 4 HORIZONTAL

General Notes

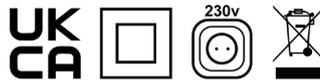

- Before carrying out installation, please ensure that you have read and understood this document carefully.
- This fitting is low voltage and must be connected to a constant voltage LED driver when installing on a mains voltage circuit. Do not connect this fitting directly to a mains voltage circuit.
- The LED driver is supplied and contained within the ceiling rose.
- This fitting contains an integrated LED light source. Do not attempt to replace the lamp. In case of failure, please contact our sales team.
- This fitting is suitable for dry, indoor use only.
- Switch off electricity and ensure the correct wiring procedure & regulations have been checked with a qualified electrician.
- Ensure the fitting is being fixed to a suitable surface, strong enough to support the weight of the product.
- Ensure that suitable fixings are used - additional fixing screws are not included.
- The ceiling mount and fixing screws are supplied already attached to the fitting.
- Save these instructions for future reference.
- If you have any additional questions, please contact our sales team.

Caution

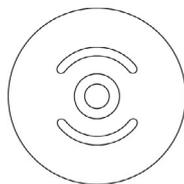

Installation of this fitting must be carried out by a qualified electrician.

Installation Guide

CEILING LIGHT | MAYA 4 HORIZONTAL

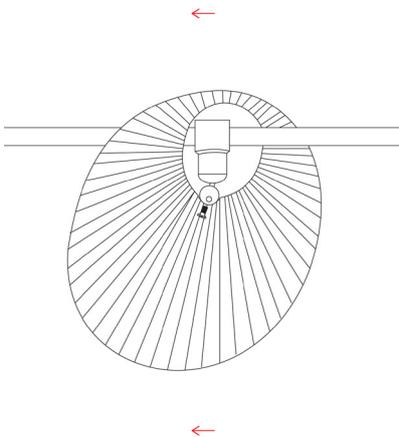

STEP 1

- Switch off the electricity at the mains fuse box. Turning off the power at the switch is not sufficient.
- Remove the grub screws located on the bottom right clamp as well as the bottom right ceiling rose & rod.
- Slide the right clamp and ceiling rose & rod off.

STEP 2

- Remove the grub screw located in the clamp ball.

STEP 3

- Place the fan shade onto the right side of the ceiling light and move it along until it has reached a clamp.
- Slide the fan shade into the clamp ball, and secure using the grub screw.
- Repeat with the other clamps that are still attached to the ceiling light and fan shades.
