Installation Guide

FLOOR LAMP | ABEL

STEP 1

- Take out and check that all the components are correct.
- Unscrew the x2 grub screws out of the base support.

STEP 2

- Place the wooden arm and stem into the base support.
- Make sure the holes in the stem align with the holes in the base.

STEP 3

- Screw the grub screws back into the base and stem.
- Make sure everything is secure and the stem does not move.
- Use the shade ring to secure the lampshade in place.
- Screw in the lightbulb.
- Plug the floor lamp into the socket.
